IEG PI NOTICE

No. 17-76

TITLE/SIGNIFICANCE:

ACTIVITY ASSOCIATED WITH SS-X-20 R/D FIRINGS FROM THE GLADKAYA SSM COMPLEX--GLADKAYA
PROBABLE SSM R/D TEST POSITION

COMMENT: After four SS-X-20 launches from the Gladkaya area, a probable launch point was identified 6.4 nm southeast of launch site 3. This position is identified as Gladkaya Probable SSM R/D Test Position. This probable launch point was first seen under construction in February, 1975 and was observed complete in June, 1975. This area consists of three small structures enclosed by a security fence. Snow had been cleared from two areas at the probable launch position, and heavy track activity was observed
